

HAWAIIAN ISLANDS HUMPBACK WHALE NATIONAL MARINE SANCTUARY

Sanctuary Ocean Count Preliminary Data - February 22, 2025

During the February 2025 Sanctuary Ocean Count, volunteers went to their designated sites on the islands of O'ahu, Kaua'i, Moloka'i and Hawai'i to count whales and record any other species seen. The count takes place from 8:00 am to 12:15 pm the last Saturday of January, February, and March of each year.

The preliminary data below represents the number of humpback whales (adults/calves) seen during each 15-minute count period by location. Only active site locations for the year are included. If a site is not listed it was inactive for the year. The behavioral data that is collected for the project is not part of this report.
